Election 2008

One day left until Bush's 4th year runs out.
And therefore the United States of America
Election of 2008 arrived. Who are you going
to vote for? Obama or McCain?

Education Obama Style

Obama feels that the key to a successful
life is education.

He believes that any kid should get the right
to live their life to the fullest.

They think that they should lose the focus of
standardized testing.

They will make college less expensive
and more practical for the less fortunate
people for their life ahead of them.

Education McCain's Way

He believes that America is full of free
opportunities. There is no free opportunity
without a full education. His belief is that
education is a promise parents make to
their children.

Peoples Opinion

We asked a contributor to the 2008
election about his belief on why it is
important to vote. He responded

"I think that it is important to vote
because we are one of the few countries
that has the right to vote, and it is important
that our voice is heard throughout this election."
